

ITEM 6.2.0 | REQUIREMENTS AND STANDARDS FOR INTEGRATION & INTEROPERABILITY

This section contains the preliminary requirements and recommended standards for interoperability and integration between technology systems that provide information to or on behalf of the judicial branch. The requirements and standards were defined by analyzing Legislative/Supreme Court mandates, functional requirements, existing information systems architecture, and incorporating the results of that analysis into a solution that leverages contemporary information technology management industry standards and best practices for optimal performance, return on investment and efficient technical solutions.
