

LOCAL RULE 13 | INFORMATION REGARDING E-SERVICE EMAILS

Please be sure to **update the system** to reflect the accurate email addresses for all **ACTIVE PARTIES** on any case.

As we move to more paperless options, this is an important form of communication for confirming hearings, setting hearings, delivering time-sensitive Orders, etc.

The Court **does not** have the capability to **remove** your email from the website once your party has settled/dropped/etc -- **this is your responsibility**. Until you remove yourself, you will continue to get updates on the case via e-courtesy.
